REDUCTIONS

On any new orders in respect of three or more dissimilar applications, or two or more similar applications to be filed at the same time, we offer a 20% reduction in our service charges for preparing and filing those applications.

On any matter for which payment is made in advance we offer a 20% reduction in our service charge, which, in the case of the filing of applications, is in addition to the above 20% reduction for the filing of more than one case simultaneously.

We do not charge for travelling time, although we do seek to recover our travel disbursements where we are carrying out clients' instructions.

We make no charge for any preliminary meeting or discussion on any case, where, for bona fide reasons, a client does not proceed with the case thereafter.

These reduction offers are naturally subject to creditworthiness.
